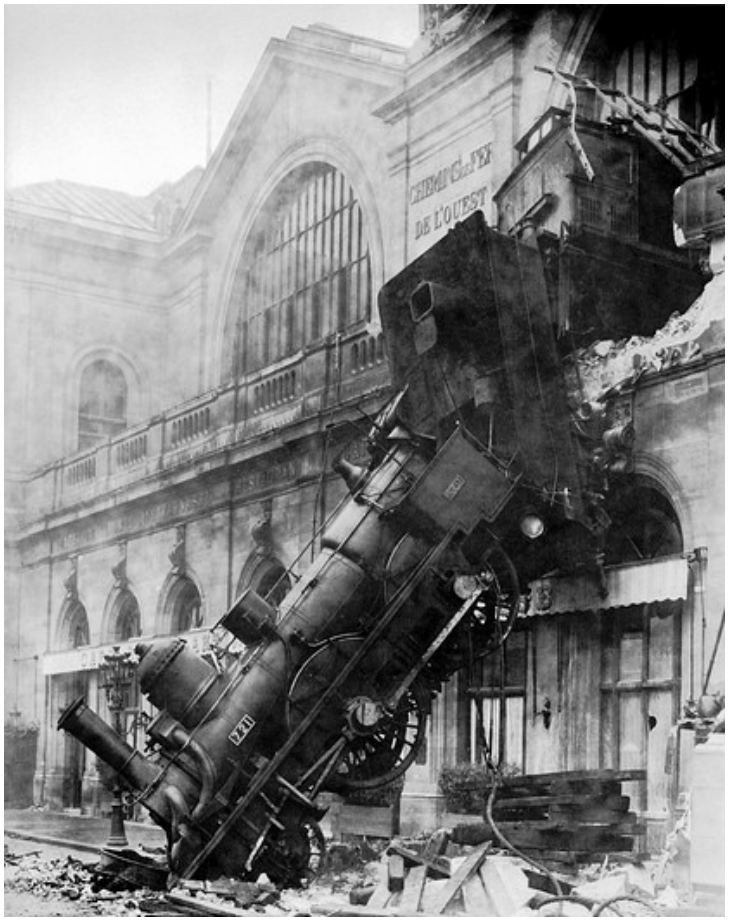
Some have said of Unity...

But they felt the alternative...



“I have yet to meet anybody who likes the unholy mess that is gnome-3” - Linus Torvalds, July 26, 2011

https://plus.google.com/106327083461132854143/posts/SbnL3KaVRtM

(don't tell anyone, I use Xfce4)

Seriously though, Unity

Polish, polish, polish!
Improved stability
Unity 2D
More lenses
GTK3/GNOME3
gnome-session-fallback
gnome-shell

Bring your apps to Ubuntu

Ubuntu is the third most popular operating system in the world. Find out everything you need to know to start developing and publishing your apps on Ubuntu.

Get started now

1 Get started

To make Ubuntu development as streamlined and powerful as possible, we have created a tool called Quickly. It gets you up and running in no time.

2 Resources

A growing collection of the best documentation and tutorials for developing on Ubuntu. Contribute your own resources to help make it even better.

3 Publish

Everything you need to know about the publishing process including accessing the Ubuntu Software Centre and handy tips for creating a successful app.

4 Community

Get help developing your app or just pop in for a chat with like-minded types.
